## Advanced Molecular Virology

**Biochemistry 910**  
Coordinator: Robert Kirchdoerfer ([rnkirchdoerf@wisc.edu](mailto:rnkirchdoerf@wisc.edu))  
Spring Semester 2022  
Thursdays, 12:10-1:00 pm  
1211 Biochemical Sciences

| 1/27   | Prof. Robert Kirchdoerfer  
           Seminar coordinator | Organizational Meeting  
           (Students only)                                                  | University of Wisconsin-Madison                  |
| 2/3    | Prof. Elizabeth Wright  
           UW Faculty Speaker        | Structural studies of virus assembly using  
           cryo-electron tomography                                           | University of Wisconsin                          |
| 2/10   | Luis Haddock Soto  
           UW Lab Speaker            | Stochastic processes constrain the  
           adaptation of wildtype H7N9 avian influenza viruses to mammalian hosts | University of Wisconsin Friedrich Lab            |
| 2/17   | Prof. Cary Moody  
           Visiting speaker          | Host:Virus Interactions that Regulate HPV Replication                 | University of North Carolina-Chapel Hill  
Contact: kmajumder[at]wisc.edu  
University of Wisconsin Johannsen Lab |
| 2/24   | Alejandro Casco  
           UW Lab Speaker            |                                                                       | University of Wisconsin                          |
| 3/3    | Prof. M. Suresh  
           UW Faculty Speaker        |                                                                       | University of Wisconsin-Madison                  |
| 3/10   | Prof. Bill Sugden  
           UW Faculty speaker        |                                                                       | University of Wisconsin-Madison                  |
| 3/17   | -                     | Spring Recess, No Seminar                                            | -                                               |
| 3/24   | Nina Bonde  
           Student Speaker           |                                                                       | University of Wisconsin-Madison                  |
| 3/30   | Gina Wade  
           Student Speaker           |                                                                       | University of Wisconsin-Madison                  |
| 4/7    | Sara McMillan  
           Student Speaker           |                                                                       | University of Wisconsin-Madison                  |
| 4/14   | Prof. Sebla Kutluay  
           Visiting speaker          |                                                                       | Washington University St. Louis
